UNI/PdR 125:2022 Gender Equality Certification

On 19 June 2026, Italyscape S.r.l. Società Benefit underwent an audit conducted by the audit team of ANCCP Certification Agency to assess compliance with the requirements of the UNI/PdR 125:2022 standard for Gender Equality Management Systems.

The audit was successfully completed and resulted in the achievement of certification, evidenced by Certificate No. SSG S00953 AQ 3588, valid until 23 June 2029.

During the assessment, the audit team reviewed a representative sample of the key requirements of the standard, examining the management system documentation, monitored indicators, adopted procedures, and the level of involvement of employees and responsible governance bodies.

At the conclusion of the audit, the auditors reported the following findings:

"Italyscape Società Benefit has established its Gender Equality Management System in compliance with the requirements of the standard. Management demonstrated a strong commitment to these matters and was directly involved in the implementation of the system, recognising that employee wellbeing contributes to the improvement of internal processes, in line with the company's nature as a Benefit Corporation.

Particular recognition is given to the involvement of the entire Steering Committee, which demonstrated a high level of competence and a thorough understanding of both the requirements of the framework and their effective implementation and dissemination throughout the organisation.

Areas for improvement include the post-training monitoring of activities carried out on gender equality topics and increased awareness regarding the reporting of harassment."

The audit identified no non-conformities and confirmed that the management system complies with the requirements of UNI/PdR 125:2022.

For Italyscape, this achievement represents an important recognition of the journey undertaken to foster an inclusive, equitable and diverse workplace.

As a Benefit Corporation, we will continue to work to ensure that these principles remain an integral part of our daily operations, corporate culture and relationships with all our stakeholders.
